STAIN-RESISTANT PROTECTOR FOR MARBLE, GRANITE AND TERRAZZO

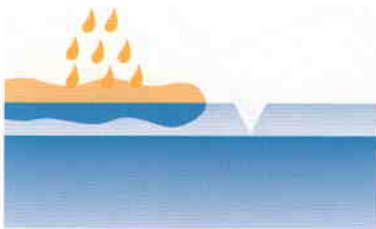

This product is for protecting marble, granite, or terrazzo surfaces from all kinds of stains. Colourless and easy to apply, it does not change the original appearance of the material. It provides protection and good resistance to wear.

USE

This product is specially designed to protect surfaces from water, dust, and dirt. It forms a fully waterproof seamless elastic film that protects surfaces from external dirt and moisture. The treated surfaces can be cleaned with normal detergent or even pressurised water.

HOW TO USE

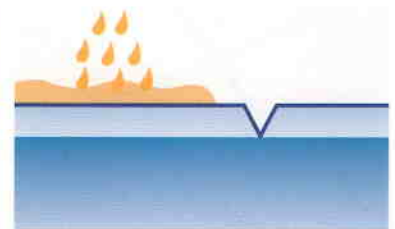

PREPARATION AND QUANTITY

Use without diluting, on clean and dry surfaces.

APPLICATION

Apply to the surface using a brush well impregnated with the product.

FINISH

Leave to dry for 2 hours and then scrub. If required, a second layer may be applied, which should also be scrubbed 2 hours after application.

TECHNICAL SPECIFICATIONS

CHARACTERISTICS AND YIELD

- Light, pale yellow transparent liquid.
- A mixture of synthetic resins and an aromatic solvent.
- The product cannot be removed using water.

Density: 2,2 Lb / 0,2 gl. (0,998 kg/l)

Yield:
