

POLISHER FOR MARBLE, GRANITE AND TERRAZZO

37

This product is formulated for polishing and protecting marble, granite, or terrazzo surfaces from all kinds of stains while maintaining the original appearance of the material.

It is particularly useful for polished floors, restoring the shine on natural stone flooring that has become worn through ageing and use. It is also effective for waterproofing and bringing out the beauty in marble, granite, or terrazzo surfaces.

USE

This is a waxy emulsion that protects and shines marble, conglomerate marble, granite and terrazzo. It creates a wax film that ensures effective and lasting protection and an excellent shine. It is washable and may re-polished several times. It is easy to apply and polish.

HOW TO USE

PREPARATION AND QUANTITY

Thoroughly clean the areas to be polished and leave to dry.

Treatment: Apply the product without diluting, on clean and dry surfaces.

Maintenance: Apply diluted, adding 3 to 4 capfuls of product to a bucket of water 1,2 to 1,6 gl. (6 to 8 litres).

APPLICATION

Treatment: Apply the product directly, using a soft sponge, cloth, or mop.

Maintenance: Apply with a mop.

FINISH

Leave to dry for 4 hours. To increase the shine, rub with a mop or a low revolution polishing machine.

TECHNICAL SPECIFICATIONS
